SAVE TIME, MONEY & HASSLE WITH
SUPPLY & INSTALL
FROM DAHLENS

Set your homes apart from your competitors, win over more clients and boost your job profit with a reliable supply and install solution for window coverings arranged by Dahlsens.

Window coverings from Dahlsens are sure to impress your clients:

- > Stylish blinds and curtains your clients will love
- > Quality, Australian made
- > Competitive prices and no upfront payments
- > Fast turnaround times
- > Give your clients the opportunity to add the cost to their mortgage

WINDOW COVERINGS RANGE

ROLLER BLINDS

Sleek, practical and cost-effective, roller blinds are a popular choice and widely used in modern houses. Available in semi translucent and blockout in a wide range of colours, roller blinds are an excellent option for controlling sunlight and privacy. Made with quality materials to last, roller blinds from Dahlsens are operated by a chain-drive mechanism with the option to motorise.

SHUTTERS

Enhance any home with the style and elegance of shutters. These premium quality window coverings are constructed from a strong synthetic polymer and offer optimal light control and privacy. Water resistant, shutters are a great option in wet areas. They can be customised and configured to suit most window designs.

DOUBLE BLINDS

A combination of blockout roller blinds and semi translucent blinds. They offer both light control and privacy — regardless of the time of day or night.

Mix and match options to suit individual rooms. Why not have curtains in the lounge room and double roller blinds in the kitchen? You can even add curtains over the top of blinds for the ultimate in style and light control!

CURTAINS

Help your clients put the finishing touches on their homes with the stylish range of curtains available from Dahlsens. A softer choice thanks to the flowing floor length fabrics, curtains are on-trend and in demand. Now available in both sheer and blockout fabrics in a range of colours, fitted on modern curtain tracks and headings, they offer the ultimate in luxury. The stunning S Fold system is currently the most desirable option, achieving a soft and elegant look. The curtains can be configured in a number of ways to suit all windows — including over the top of roller blinds — and are most commonly operated by a wand control with the option to motorise.

 Blinds, shutters and curtains are available in various locations across Victoria and New South Wales. Please speak to your Account Manager or local store for more information.

SUPPLY AND INSTALL

Do you have too much on your plate? Dahlsens is here to help. Our Supply and Install service takes the hassle out of organising and installing a range of lock up and fit out solutions including window coverings. Say goodbye to finding sub-contractors and installers, managing timelines, supervising installation and ensuring quality control — our team can do it all for you. And you can trust we will do it right.
