Note: All colours shown are reproduced accurately within the practical limitations of the printing process used. Slight variations may occur from the pre-painted metal.

UniCote® Classic Range

The classic colour range is a combination of timeless colours we love to live with. Characterised by a colour palette of blues, reds, greys, greens, yellow and off whites. The classic colour range adapts to multiple applications across generations, from Heritage homes of the Victorian and Federation period to late twentieth century homes and modern classic designs of today. The UniCote Classic Colour Range is suitable for Roofing, Cladding, Sheds, Garages, Fascia and Gutter end use applications.

UniCote® Contemporary Range

The Contemporary Colour Range reflects the present days architecture and design trends, adaptable to ever-evolving styles of the twenty-first century. It is defined by simplicity, subtle sophistication, deliberate use of texture, and clean lines. Exteriors are neutral with geometric designs with Interiors that tend to showcase space rather than things. Characterised by a neutral colour palette of whites, blacks, greys and stones, the colour range provides the perfect backdrop for bold additions and abstract textures, making UniCote LUX a complementary design partner. The UniCote Contemporary Colour Range is suitable for Roofing, Cladding, Sheds, Garages, Fascia and Gutter end use applications
